Subject Construction of a godown for octroi office

The present octroi office has a godown attached to it within the office building It is too small to accommodate the quantity of articles that are required to be kept in the office every day As a result, very valuable articles are being left in the custody of the watchmen or the peon on duty As this procedure was felt to be not only insecure but also irregular a proposal was put up for the construction of an additional godown behind the existing building in Nandi Mohalla, at an estimated cost of Rs 18,000/- This estimate scrutinized by the Superintending Engineer for Rs 17 300/- was therefore placed before the Works Committee together with a comparative statement of tenders received in response to an enquiry issued in this behalf

The Works Committee recommended for sanction the estimate for Rs 17,300/- and also the acceptance of the lowest tender of Sri I Linghiah Bhimiah Bros for Rs 15,924/- This was duly approved by the council at their meeting held on 31-5-1955

I enclose a copy of the resolution and also the estimate and plan and the tender papers and request that orders of Government may kindly be obtained sanctioning the estimate for Rs 17 300/- and

2

accepting the lowest tender of Messrs K Lingiah Bhimiah Bros for Rs 15,924/-
